

STRUGGLING TO PAY FOR GROCERIES?

WE CAN HELP!

FoodAssist has been distributing food to people in need on the Darling Downs since 1996. We feed between 2000 to 3000 people every week.

The food is packed into boxes and distributed to families, single parents, single persons, pensioners and other non-profit charitable organisations.

FoodAssist is a charitable, self-funded, public benevolent organisation without direct government financial assistance. We operate through the support of volunteers, a work experience program for people with disabilities, WEX workers, community service and correctional service workers.
